Questions

Is this an HNI database?

It is the business version of one. Starleads doesn't sell personal HNI lists (people picked out by their wealth, usually from bank or demat-account data). This list gives you the owners and contacts of high-value businesses (jewellers, builders and developers, hospitals, resorts and luxury hotels, new car dealers, petrol pumps, cold storages, private schools and industrial companies), which is where most high-net-worth business people are.

How many high-value business owners are there in India?

This list has 1,07,819 owners and key contacts of high-value businesses (jewellers, builders, hospitals, resorts, car dealers, petrol pumps, industrial companies and more) across India with contact details, all of them with a mobile number. It's the count in Starleads' data, not an official census.

How can I get the contact numbers of high-value business owners in India?

Download this list in Excel: 1,07,819 contacts, all with a mobile number and 72% with an email address. Check 60 real contacts free first, then pay ₹1,999 (80% off) by UPI or bank transfer.

Which cities in India have the most high-value business owners?

Mumbai (24,709), Delhi (14,583), Bengaluru (10,662), Pune (6,667) and Jaipur (3,711).

Is there a free high-value business owners list PDF for India?

Yes. The free sample PDF has 60 contacts from this list, with phone numbers and emails partly masked. The full list comes as an Excel workbook.
