Manufacturing Companies in India (All Industries): contact list (free sample PDF)

3,27,598 contacts · **78%** with mobile numbers · **50%** with emails · **49%** with landlines · Updated Sep 2026 · Full list **₹1,999 (80% off)**

This list has 3,27,598 manufacturers from every industry (machinery and engineering, metals, textiles, packaging, electrical, chemicals, food, plastics and more) across India with contact details. 78% have a mobile number, 50% an email address, 49% a landline and 9% a website. 92% come with a street address, 70% with the contact person's name and 79% with a PIN code.

Every row is a business that makes things, labelled with the industry it makes for. A business is in when its name says it manufactures (Industries, Udyog, Mills, Foundry, Engineering Works and the like), when its listing says manufacturer and its name isn't a shop's or a trader's, or when it is listed under a factory trade and nothing says it only trades. Where a listing doesn't name the product, the industry reads “Other / Not Stated”.

They cover 35 states and 1,290 cities. The most are in Maharashtra (92,057), Delhi (38,643) and Gujarat (37,933), followed by Karnataka, Tamil Nadu and Rajasthan; the top cities are Mumbai, Delhi and Bengaluru.

The three biggest states hold 51% of them; the other 32 share the rest.

By industry, the biggest groups are Machinery, Tools & Engineering (85,061), Other / Not Stated (54,169) and Steel, Metals & Castings (34,960).

Questions

How do you know these are manufacturers?

From the business name and the category it is listed under; our records have no separate “manufacturer” field. How many manufacturers are there in India?

This list has 3,27,598 manufacturers from every industry (machinery and engineering, metals, textiles, packaging, electrical, chemicals, food, plastics and more) across India with contact details, 78% of them with a mobile number. It's the count in Starleads' data, not an official census.

How can I get the contact numbers of manufacturers in India?
